EXCELLENCE IN RESEARCH FOR AUSTRALIA (ERA)
2015 AUSTRALIA RESEARCH COUNCIL

Learning through higher education is a wonderful privilege. It is a highly rewarding endeavour that will open new opportunities and change your life for the better.

We are proud of our reputation for teaching excellence, where we celebrate student diversity, ground-breaking education initiatives and a supportive and inclusive learning environment.

As a University, we have a pivotal role in preparing our graduates for a future in which passion and commitment to learning will stand them in good stead as they navigate their careers, where agility, adaptability and creativity are essential for success.

In an ever-growing global society that is full of possibility, we strive to equip every graduate with the transferable skills to work industriously across a range of disciplines and cultures.

Through providing a high-quality educational experience, we seek to empower students, leading our graduates to become innovators who are prepared for their future careers and sought after by employers.

With substantial professional experience informing their teaching practices, our first-rate academic educators are enhancing student learning through engaging students in hands-on practical experience and career-defining theoretical knowledge.

For all students, however, their time at Murdoch is also about personal growth. Full of new experiences and forming life-long connections, becoming part of our prosperous University community means you will get to experience the best of what Australia has to offer, in a supportive learning environment.

We at Murdoch University are proud of who we are and what we have to offer – a place where people from all over the world come together to make their mark, make a difference, overcome challenges and open their minds to new ways of thinking.

We look forward to welcoming you to Murdoch University. Your new life journey starts today.

With kind regards,

Professor Eeva Leinonen
Vice Chancellor

“You need to be able to go to a university where you walk out more confident in life; not just to get a degree, but to make a real difference, which Murdoch gives you.”

- Deki Dorji, Bhutan
Masters by Research

Join our global community of pioneering minds

“The only education out of which good can come is the education which teaches you to think for yourself instead of swallowing whatever the fashion of the moment may prescribe.”

- Sir Walter Murdoch, 1926

At Murdoch, we believe that creativity powers change. To be creative is to challenge convention, to be intrigued by the smallest of details, to not be confined by the limits of your own thoughts. To be creative is to think freely, where learning to think outside the box and to think for yourself will lead you to an empowered and fulfilled future.

Everything we do at Murdoch is to support, encourage and develop the curious minds of tomorrow. As a Murdoch student, you will learn to think freely; where your creativity, your passions and your ideas will be fostered into a successful and fulfilling career.

To graduate career-ready is one thing, but to graduate life-ready is what really sets our Murdoch graduates apart. Ready to forge your own path, graduating with a Murdoch degree means you will enter the workplace with a global perspective; where cutting-edge theory meets real-world experience to ensure you are ready to take on the big questions, find solutions and create new ways of thinking.

Welcoming new students into our ever-growing global community, we are proud to bring pioneering minds together to celebrate education, diversity and innovation. Having been at the forefront of Australian research for more than 40 years, to study at Murdoch is to be surrounded by some of the world's most progressive thinkers, people who are not just challenging conventional wisdom and tackling the world's big questions, but finding answers.

Our forward-thinking students are answering tomorrow's questions, today. Are you ready to join them?

murdoch.edu.au

Hands-on facilities

To truly let your imagination run free, you need an environment that supports your creativity. An environment that allows you to explore the pressing issues of today, so you can find the ground-breaking answers of tomorrow. To do this, Murdoch has built a contemporary network of real-world learning environments; a collection of facilities, laboratories and simulation suites, which provide you with all the resources and practical experiences you need to graduate career-ready.

Chiropractic Clinic

If you are a Chiropractic student, as you progress through your degree you will learn to treat real patients in our on-campus clinic, the Murdoch University Chiropractic Clinic. Housing a rehabilitation centre, physiological therapeutics facility, consulting rooms and a digital radiographic suite, you will get to apply your newly learnt skills across a range of different working environments to ensure you are ready for the working world with sound knowledge in independent and evidence based patient-centred care.

Engineering Pilot Plant

Our nationally renowned Bayer Pilot Plant is where our Electrical Engineering students get unparalleled hands-on engineering experience, before they even graduate. As Western Australia's only operational engineering pilot plant, this engineer's playground features advanced control systems using a modern industrial data acquisition and control platform, meaning you will graduate career-ready with real-world engineering skills.

Information Technology labs

Step into the future with our new Information Technology teaching laboratory. Our IT lab is equipped with the latest virtual reality equipment, industrial technologies and a visible data server, which means you will have the freedom to get creative, collaborate with other students, develop your own original concepts and learn from Murdoch's leading academics.

Launchpad

Located in the Geoffrey Bolton Library, Launchpad provides a creative space where our students have the opportunity to come together with industry partners, future employers, entrepreneurs and the community, to work on collaborative projects, network and build career-defining industry connections.

Law Moot Court

As a Murdoch Law student, you will get to experience all the excitement, thrills and unpredictability of a real-life courtroom with our Herbert Smith Freehills Electronic Moot Court. Whether you are trying a case or competing against other Law schools from around the world, thanks to the latest video satellite technology, you will be equipped to handle any situation that comes your way.

Media Arts Centre

Our Media Arts Centre is where creative minds come to explore the power of media-based technologies through our state-of-the-art simulation facilities. Housing industry-standard facilities, which include a digital TV studio, sound stage, control room, audio studio, four radio studios, a newsroom and a number of superbly equipped editing suites, you will graduate career-ready with a range of industry experience under your belt.

Mind and Body Labs

Our newest lab space is where you can work with researchers, teaching staff and other students to conduct research projects or exercise physiology testing as part of your Psychology or Sports and Exercise Science degree. Our labs include a fitness testing area and DEXA machine, meaning you can learn a range of new skills in how to conduct body fat, bone and muscle mass scanning techniques.

Nexus Theatre

Murdoch's professional theatre space provides Arts students with a dedicated area to refine their craft in both performance and production practices. Home to some of Western Australia's brightest emerging talents, this venue hosts community, musical, cultural and theatrical events; giving you the opportunity to turn your theoretical

knowledge into hands-on practical experience with a range of industry-standard work placements.

Nursing Simulation Suites

Our Mandurah and Perth campuses both offer excellent nursing facilities. In fact, our Perth campus has the newest nursing facility of any university in Western Australia and, in the case of an emergency, can be used as an operational hospital.

Our dedicated nursing spaces include fully-equipped clinical teaching wards, treatment areas and simulation suites where, as a Nursing student, you will learn how to provide care under the supervision of technical simulation staff who, themselves, are registered nurses.

Psychology Clinic

Our postgraduate Psychology students have the opportunity to work with real clients in our fully-operational Murdoch Psychology Clinic. Offering psychological services to the public, which range from baseline assessments to psychological therapy, you will benefit from first-hand experience in dealing with a range of cases and area specialisations.

Renewable energy facilities

If you are a Renewable Energy student, you will learn from our industry-experts in our state-of-the-art engineering facilities, including an outdoor test area, photovoltaic research equipment and a renewable energy-engineering laboratory, housing a comprehensive range of wind energy industry-standard software.

SimLab

As an Education student, you can make the most of our unique SimLab to get valuable teaching experience and feedback before you enter a real classroom.

As the first university to offer this simulated teaching experience in Australia, SimLab allows you to practice your teaching skills in a virtual classroom environment with avatars who respond in real time to your instructions.

Sporting facility

You can make the most of your university experience with our recent \$5.2 million sporting facility upgrade, which includes two synthetic football (soccer) pitches, a cricket oval for summer cricket, new changing rooms, floodlights and spectator seating.

Sports Science facility

If you are a Sport and Exercise Science student, you will learn in our recently upgraded \$4 million sports science facility. Fitted with the latest equipment, the three specialised laboratories, which include an exercise physiology lab, a performance lab and a rehabilitation, strength and conditioning lab, come complete with a climate and altitude chamber, motion capture systems, 50-metre running track and a fully-equipped gym with Olympic weightlifting facilities.

Veterinary hospital and working farms

As the only city-based university to offer an on-campus farm, our Veterinary and Animal Science students get unrivalled hands-on experience across a range of industry settings. You can learn from leading industry experts in our on-campus farm, or graduate as a career-ready veterinarian with work placements and guided support in Murdoch's fully-equipped Veterinary Hospital, which comes complete with cancer, equine and dermatology clinics.

About Perth

THE MOST AFFORDABLE CITY IN AUSTRALIA

The Economist Intelligence Unit, Worldwide Cost of Living Survey 2017

Life in Perth is cheaper than all other major Australian cities, including Sydney and Melbourne!

WHEN YOU LEARN, YOUR FAMILY LEARNS TOO

In WA, school-age dependents of Master and Research students may be eligible to pay local school fees.

RANKED IN THE TOP 50 STUDENT CITIES IN THE WORLD

QS, Best Student Cities 2017

7TH MOST LIVABLE CITY IN THE WORLD

The Economist Global Liveability Ranking 2017

For the past 13 years Perth has been ranked in the Top 10 most liveable cities, coming in at #7 in 2017.

WORK & LEARN AS A STUDENT VISA HOLDER, YOU HAVE THE OPPORTUNITY TO WORK WHILE YOU STUDY IN PERTH!

Our main campus is located in Perth, Western Australia – the 7th ‘most liveable’ city in the world. Home to more than 2.5 million residents, Western Australia boasts some of the best coastlines in Australia. From the crystal-clear waters of the Ningaloo Reef, to the awe-inspiring Karri Forests of the South West, Western Australia has it all.

Located on the shores of the Swan River, Perth’s warm, dry summers and cool winters make for a great destination all year round. Offering a large shopping district with a cosmopolitan mix of cafes, restaurants, pubs and thriving nightlife, Perth City is suitable for students from all walks of life.

Murdoch’s Perth Campus is located approximately 15 minutes from both the historic port-city of Fremantle and bustling City of Perth, making it easy for our International students to spend their free time exploring and participating in a range of activities and events:

- Take in one of Western Australia’s famous sunsets at Cottesloe Beach while enjoying some delicious fish and chips;
- Visit Kings Park and enjoy the panoramic views of Perth city and the Swan River;
- Take a trip over to Rottnest Island and spend some time relaxing in the sun while getting to know a famous Rottnest local, the Quokka;
- Get some friends together and explore one of Western Australia’s renowned culinary and wine regions. Whether you want to spend the day in the Swan Valley, or make a weekend trip to Margaret River, either option is right at your doorstep!

Perth - The gateway to the world

Not only does Perth share the same time zone as 60% of the world, but it is the only Australian city to offer direct flights to Europe:

- ✈ London (17 hours)
- ✈ Sydney (3.5 hours)
- ✈ Melbourne (3 hours)
- ✈ Bali (3.5 hours)
- ✈ Bangkok (7 hours)
- ✈ Singapore (5 hours)
- ✈ Jakarta (4 hours)
- ✈ Kuala Lumpur (5.5 hours)
- ✈ Hong Kong (8 hours)
- ✈ Dubai (14 hours)

Did you know that Murdoch has taken our world-class education experience global? With campuses in Singapore, Dubai and Myanmar, you will benefit from the best of what education has to offer from a globally-present university with an international reputation for excellence.

Our campuses

Perth campus

Located in Murdoch, just 15 minutes from the bustling central business district of Perth and the historic port city of Fremantle, our main campus offers all our courses along with dynamic teaching facilities, support services, specialised educational and recreational facilities and a unique student experience.

As one of the largest university campuses in Australia, our Perth campus boasts more than 227 hectares of beautiful bushland environment, providing our students with the ultimate Australian experience as they study alongside a range of native Australian flora and fauna.

Bush Court is the heart of our Perth campus. In this beautiful garden space, you can go outside to study under the trees or meet up with friends while relaxing on one of Murdoch's beanbags or deck chairs. Surrounding Bush Court are our food and coffee shops, student support facilities, an extensive library and the newly built Student Hub.

Mandurah campus

Set in the heart of the coastal town of Mandurah, just under an hour from Perth, our Mandurah campus offers an exceptional learning experience through our clinical, academic and research expertise.

With a range of state-of-the-art facilities, our Mandurah campus specialises in health courses, including Nursing, Counselling and Creative Arts Therapies. Students who study at our Mandurah campus have access to a range of facilities, including a student common area, library, computer laboratories, flexible teaching rooms and a multi-purpose laboratory. Nursing students also get to experience learning in our state-of-the-art, fully equipped nursing wards.

Rockingham campus

Located in the waterfront town of Rockingham, just 40 minutes from Perth, our Rockingham campus offers a strong learning community with a focus on research and our university pathway programs. At our Rockingham campus, students can build academic skills, connect with other students and explore new ideas to help you study at university level.

The campus offers a community library, café, gym and after-hours study facilities to support the learning journey of our students.

New to our Perth campus - The Student Hub!

The Student Hub, our new AUD\$20 million development, provides our students with a range of services and amenities, including food outlets, shops, cafes, student kitchen, study places and a great environment to just sit and chat with friends. The Student Hub is the centre of student life here at Murdoch, and it is the best place on campus for you to meet up with your peers, eat and interact with the rest of our Murdoch community.

Student life

Student life at Murdoch is about so much more than simply learning in your chosen field. As a Murdoch student, you will be encouraged to step out of your comfort zone and learn to think for yourself, where getting involved, having fun and making lifelong friendships will ensure you have a memorable university experience!

Study!

Whether you are studying individually, or collaborating with a group, you will soon make use of the newly refurbished Geoffrey Bolton Library, the resource centre of our Perth campus. As a Murdoch student, you will have access to all the materials you need for your studies, including high demand learning resources, unit readings, online journals, e-books and past exam papers. With our 24/7 learning common area, you can also access computers, internet, printing and scanning services at any time of the day or night.

Socialise!

Whether you are relaxing on Bush Court, or heading to one of Murdoch's many cafes, there is always a great spot to catch up with friends and relax on campus. Even our Tavern is the perfect place to relax and unwind, where you can challenge your mates to a game of pool, catch up for a drink in the beer garden or attend events like open mic and quiz nights or themed parties for end of semester celebrations to Oktoberfest and St Patrick's Day.

Join!

The Murdoch Student Guild supports over 100 clubs and societies, ranging from those in your field of study to music, gaming and sports groups. Joining one of Murdoch's clubs or societies is a great way for you to get to know other students, collaborate with a diverse group of people, share ideas, attend social functions and take part in industry and nationwide sporting events.

Volunteer!

The Guild Volunteer Hub connects Murdoch students who have a passion for volunteering with community organisations. You can develop new skills and meet new people while doing volunteer work that helps the community or relates to your degree.

Workout!

The Sports and Recreation Centre offers a fully equipped fitness centre with discounted memberships available for students. If you prefer team sports, you can join a social sports team or become part of a Murdoch sports club. Make sure you look out for the annual UniGames, where you could represent Murdoch nationwide in your favourite sport!

Get involved!

The Murdoch Student Guild run a range of events including Festival Day, Stamp Out Stress Day, the Guild Ball, MarketDaze, Clubs and Societies Day and Multicultural Day, so you will have plenty of opportunities to get involved and meet new people.

Refuel!

We have plenty of vibrant cafes and food outlets on campus. You could grab a tasty bite to eat from one of the local food trucks that come onto campus daily, head to our Tavern to make the most of the student Guild specials, or visit the Student Hub, where you'll find a variety of food options that include Halal certified meals.

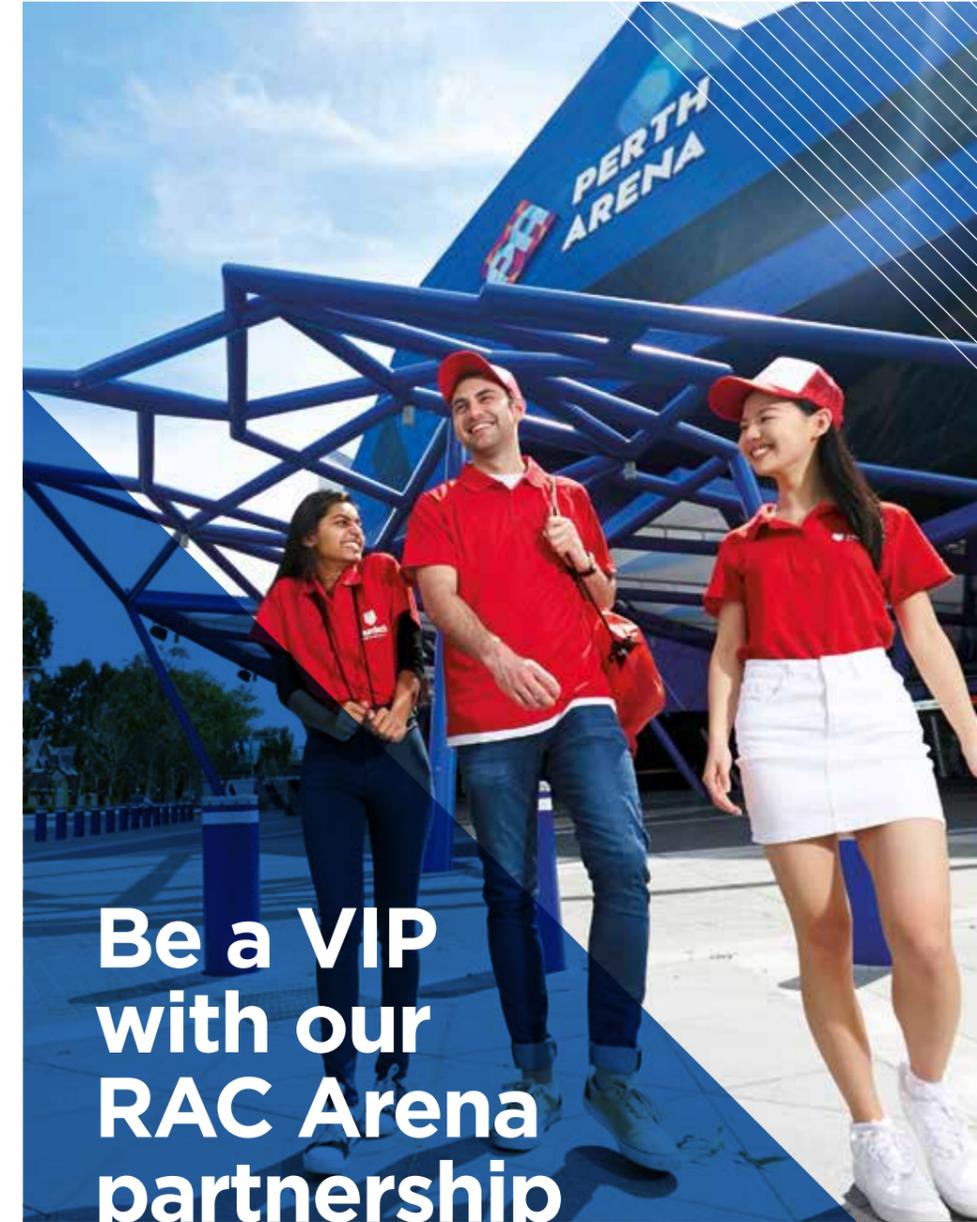

Enjoy!

Bush Court is the heart of our campus. Here you can meet up with friends and study while lounging on a deck chair or beanbag in the sun. You can also experience our student events here, like MarketDaze, a weekly market where you can pick up a tasty bite to eat and browse through the various market stalls selling everything from fresh fruit and vegetables to clothing, accessories and collectables.

Shop!

To ensure you are ready for study, visit the Bookshop to get your textbooks, stationery and general merchandise. Second-hand textbooks are also available on campus through the Student Guild.

Be a VIP with our RAC Arena partnership

Murdoch is a proud partner of RAC Arena, one of Perth's biggest entertainment venues, giving our students exclusive access to work opportunities and VIP benefits. Learn, work and play in modern and innovative facilities alongside the world's top touring artists and Australia's sporting favourites.

Thanks to our partnership, Murdoch students have access to:

A dedicated student internship program to learn hands-on skills in the business of managing a major events venue

Preferred applicant status when applying for jobs at RAC Arena

Priority queues to beat the crowds

Special offers and tickets for more than 90 events a year

Find out more at murdoch.edu.au/pertharena

Scholarships

Murdoch understands that studying at university can be a life-changing experience. As an International student, moving abroad to study can be a daunting task.

That is why we want to help. Offering a range of scholarships for commencing and existing International students, your pioneering mind can focus on the important things, like making the next big breakthrough in your field, while we take care of any financial hardships you may be facing.

Whether you are just starting out with your studies as an undergraduate, returning to study with a postgraduate degree or making ground-breaking discoveries as one of our research students, there are a range of scholarships to suit students from all backgrounds, disciplines and walks of life.

International Welcome Scholarship

An International Welcome Scholarship can provide between AUD\$8,000 and AUD\$11,000 towards your tuition fees.

If you are studying a Bachelor of Nursing, or any eligible course under the School of Business and Governance, you may be eligible for up to AUD\$11,000. Students from all other eligible courses could be awarded up to AUD\$8,000.

Recipients of an International Welcome Scholarship will have the award amount paid into their student tuition account in four instalments over two years.

The International Welcome Scholarship is available for the 2019 intake period, for students starting their studies at one of Murdoch's Western Australian campuses. To find out if you are eligible, please visit: murdoch.edu.au/InternationalWelcomeScholarship

Financial Aid

A scholarship is not your only option for obtaining financial support while studying at Murdoch. Murdoch University participates in a range of financial aid programs offered by governments in a number of other countries, including the United States, Canada, Germany, Norway, Sweden and Denmark.

International Welcome Scholarship - Australia

If you are an International student currently living in Australia, an International Welcome Scholarship - Australia could provide you with a 20% discount towards your total course tuition fee.

The International Welcome scholarship - Australia is available for students who are:

- An international full fee-paying student residing in Australia at the time of application studying an undergraduate, honours, graduate diploma or master-level degree;
- Commencing studies at one of Murdoch's Western Australian campuses in 2019;
- Commencing studies in an eligible coursework program; and
- Not a recipient of any other Murdoch University scholarship.

To find out if you are eligible, please visit: murdoch.edu.au/IWSAustralia

Murdoch University Academic Excellence Awards

Murdoch University Academic Excellence Awards (MUAEAs) are available for both undergraduate and postgraduate Murdoch students, offering students AUD\$5,000 towards their degree if they have a previous record of high academic achievement in their studies.

To find out if you are eligible, please visit: murdoch.edu.au/MUAEAInternational

Research Scholarships

Do not let your creativity be stifled by your finances. With one of Murdoch's research-based scholarships your living expenses and tuition fees can be taken care of, meaning you have more time to focus on the important things, like uncovering the next big breakthrough in your field. Completing your research degree is a life-changing experience, so not only do we provide our students with our own range of scholarships, but we can also help you to find a range of scholarships offered by external providers.

To find out more about our extensive range of research scholarships, visit: murdoch.edu.au/ResearchScholarships

To find out more about Murdoch's extensive range of international scholarships, visit: murdoch.edu.au/internationalscholarships

"As a recipient of an International Welcome Scholarship, the opportunity that Murdoch offers an international student like me, is invaluable. This scholarship really helps to reduce financial stress and provides every chance to achieve one's dream."

**DEEPA MACHAIAH, INDIA
MASTER OF ENGINEERING**

Work Integrated Learning and Internships

As human beings, we learn from doing. It is in our nature to explore new ideas, to take on unknown concepts and to develop them as critically-minded individuals who produce actionable solutions.

With our range of Work Integrated Learning programs and internship opportunities, our students get to take their potential and turn it into career-defining power. Classroom theory is put into action with a variety of industry experiences, where student learning is enhanced and nurtured through our close connections with real-world industry partners, the wider Perth community and government bodies.

Work Integrated Learning is so much more than just a practical experience. Take action today and get prepared for your future career, find out more at: murdoch.edu.au/WorkplaceIntegratedLearning

Your industry experience

Work placements

Work placements are an opportunity for you to spend an extended period of time in an organisation where you will undertake genuine work tasks with workplace supervision. You will learn to integrate previously studied theory with its practical application in the workplace, developing a range of professional skills along the way. Depending on the discipline, work placements may also be referred to as internships, practicums, or clinical placements.

Industry projects

Participating in an industry project means you will work as either an individual, or as part of a team, on a real project for an industry or community partner. Projects are usually completed on-campus, under the supervision of academic staff, but deliver on a brief from one of our real-world industry or community clients. As well as learning to integrate and apply previously studied theory, you will be able to develop your skills in project management, client liaison, and may be required to work in multi-disciplinary teams.

Work simulations

With a work simulation experience, you will learn in an industry-standard learning environment that has been set up on campus. In consultation with industry, work simulations recreate as many of the complexities of a real work environment as possible. You will be provided with an opportunity to integrate theory and practice as you experience a simulated work environment, including prioritising multiple tasks, interpersonal dynamics, deadlines and other workplace pressures.

"Since completing my internship with a local Perth digital marketing agency, I have developed an interest in the field and would like to pursue a job in the digital marketing industry. Murdoch has provided me with the platform, through my internship unit, to gain hands-on experience and has really opened my eyes to this industry. This experience has been priceless and has provided me with a platform in which I know have taken a step in the right direction."

**THEODORE TUNG LAI RONG, SINGAPORE
BACHELOR OF BUSINESS (MARKETING AND PUBLIC RELATIONS)**

Accommodation

On-campus accommodation - The Village

If you want to be in the centre of all the on-campus action, you cannot go past life at the Murdoch University Village.

Located at our Perth campus, life in 'the Village' means your classes are right on your doorstep, where you also have direct access to public transport, a range of local shops and on-campus amenities. The Village has stylish, fully furnished apartments available for rent, with options to suit almost any budget.

The Village offers a range of facilities, including:

- Swimming pool
- Pool lounge with a pool table, table tennis & foosball table
- Recreational room with BBQ's, projection screen and a communal kitchen
- Beach volleyball and basketball courts
- Theatre room with surround sound and projector
- Movie room with satellite TV
- Group study rooms
- Four large coin operated laundries

With the student experience as a core focus, the Village has an exciting residential-life program designed to help residents meet new people, succeed academically and develop essential life skills. Events include BBQs, themed dinners and parties, movie nights, sporting events and competitions, writing workshops and so much more.

The Village offers 24-hour staff presence, with resident staff members living on-site and night-time security patrols. There is a team of resident assistants responsible for organising events, assisting new students with their transition into communal living and ensuring adherence to Village rules. Staff also provide support to residents experiencing personal or study problems. The Village also caters to students with disabilities, providing adapted apartments with modified bedrooms and bathrooms.

Rates

The rates for 2019 range from \$150.50 weekly for a twin-share bedroom to \$397.50 weekly for a one-bedroom apartment, per semester. If you book your accommodation for the entire university year (42 weeks), rather than just one semester at a time, the rates will be cheaper.

To see all residential rates and accommodation options visit murdochuv.com.au

Murdoch University Village
Telephone +61 8 9360 2909
Email info@murdochuv.com.au
murdochuv.com.au

Off-campus accommodation

Shared Accommodation

Many students often choose shared accommodation where several students share a unit or house near campus. Rent for shared accommodation is typically less expensive than on-campus accommodation, and may cost between \$120-200 per week. In most cases, you will have your own room but will share amenities, such as a kitchen and bathroom, with your housemates.

Students living together in shared accommodation will often have rules for inviting guests into the home, the payment of shared utilities such as electricity and water, and the usage and clean-up of common areas. In shared accommodation, it is important that all residents of the property understand and follow the rules that have been agreed upon.

Accommodation can come furnished or unfurnished. Unfurnished rooms may be cheaper to rent, however you will need to purchase any furniture that you will need such as a bed, desk, and chest of drawers.

The Murdoch Student Guild has an accommodation database that lists rooms available for rent murdoch.studystays.com.au/

Alternatively, the Real Estate Institute of Western Australia also lists available rentals around Perth reiwa.com.au/rent

Homestay

Homestay accommodation allows you to live with an Australian family while you study. In most cases, you will have your own room but share amenities such as a kitchen and bathroom. Our preferred provider is the Australian Homestay Network (AHN), and you can find more details including prices and meal plan options at homestaynetwork.org

Choosing the right accommodation for you

There are a number of factors you will need to consider when choosing your accommodation. In addition to the cost of rent per week, other things you may want to consider are:

- Is it furnished or unfurnished? If it is unfurnished, you will need to set aside additional funds to purchase furniture and other household items.
- How many people will I be sharing common facilities with? This may include a kitchen, bathroom, etc.
- How close is it to campus, public transportation, supermarkets and other shops?
- Are there laundry facilities on-site? If not, how close is the nearest public laundromat?
- What kind of heating/air conditioning is there?
- How secure and safe is the location? Are there locks on the doors and windows?
- Will it be noisy? Is it on or near a major road?

If you choose to live in shared accommodation, choose your housemates wisely. For example, if you typically go to bed early, you may not want to live with people who constantly stay up late every night. It is important that you meet and feel comfortable with any potential housemates prior to moving in.

Student support

Travelling to a new country to pursue your studies is a big step. Having the courage and conviction to follow your dreams and take your studies to Murdoch means you are already part of our global community of creative and forward-thinking minds that thrive from experiencing the best of what the world has to offer.

Even our pioneering leaders of tomorrow, need help today. That is why at Murdoch, we go above and beyond to provide our students with a range of support services that can help them at every stage of their Murdoch journey.

Student Support team

The Student Support team is based in the Student Centre and looks after International students from their first day at Murdoch, to their last. Students can come to Student Support with absolutely any issue they are having and the Student Support team will either help the student directly or refer them to someone who can better assist them, such as the University health services, which includes doctors, psychologists and counsellors, as well as visa or career advisors.

Careers and Employment Centre

The Careers and Employment Centre is a professional support service available to Murdoch's current students and Alumni, offering assistance with finding work, enhancing employability through workshops, career events and mentoring programs, connecting graduates and students with industry professionals and offering a job application checking service.

Equity and Social Inclusion Office

The Equity and Social Inclusion Office seeks to ensure the student experience at Murdoch University is free of discrimination and that all students are provided with an equal opportunity. The Equity and Social Inclusion Office coordinates a range of services for students, including disability services, language and cultural exchange programs, equity complaints and information on your responsibilities and rights as a Murdoch student.

Support for Learning

The Support for Learning team brings together the areas of academic staff development, work-integrated learning, educational technologies, learning support and access programs.

Particular focus is placed on student learning, with support services including:

- Writing and academic workshops;
- Specialised postgraduate support programs;
- Peer Assisted Study Sessions (PASS);
- Peer Academic Coaches (PAC);
- UniEdge, a transition program to assist new students settle into tertiary study.

Additionally, there are dedicated consultants to assist International students with any literacy or numeracy issues they may be having.

Student Advisors

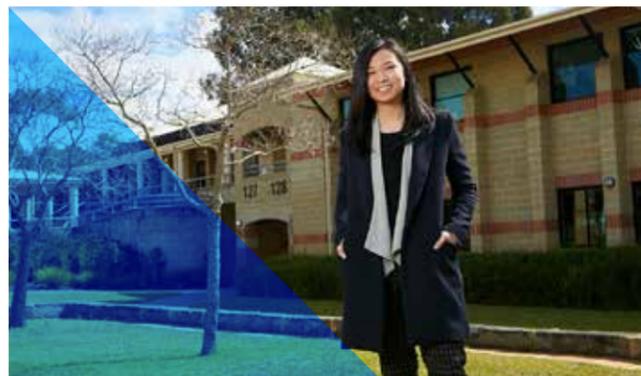

Student Advisors are based in all schools across Murdoch University and provide help with any questions or problems you may have with your course, studies or university life.

Student Centre

The Student Centre is a friendly and efficient hub located at Murdoch's Perth campus, where you can find out a range of information about admissions, advanced standing, enrolments, examinations, fees, graduations, student support, Open Universities, parking and payments and general student administration enquiries.

Student Guild

The Student Guild offers students opportunities to get involved in student life and to be part of the wider West Australian community. The Guild can help you with a range of services from clubs and societies, finding off-campus accommodation, volunteering opportunities, social events and much more.

"I had a great experience with one of the team members from Student Support during my struggles at university. The biggest thing I learnt from my time at Murdoch is that it is okay to ask for help when you need it. Often people from my culture are afraid to ask for help, as asking for help can be perceived as being incompetent and shameful. Murdoch taught me that it is okay to ask for help and the university really encourages its students to seek help if they are struggling."

ANDRA JULINAR, INDONESIA
MASTER OF HUMAN RESOURCES MANAGEMENT

Study Abroad and Exchange

Having your own ideas and thoughts is what makes you, you. Sometimes, however, you need to embark on an adventure that allows you to step back from what has become your normal and challenge the idea of ordinary. Stepping out of your comfort zone and forcing yourself to land on your own two feet is a great way to grow, both personally and professionally, and what better way to do that than with a semester or two abroad!

With Murdoch's extensive range of Study Abroad and Exchange programs, you can choose to go abroad for a semester (or two), embark on a short-term program, volunteer in a developing country or participate in an industry-lead internship.

While earning credit points towards your Murdoch degree, you will get to explore the world, meet new people and make memories that will last a lifetime. Through participating in one of our Study Abroad and Exchange programs, your way of thinking will continue to grow and adapt as you experience a range of new environments and situations; making you a highly sought after and desirable graduate in today's globalised world.

We have more than 75 partner universities across 20 countries, where will your study take you?

- Austria
- Canada
- China
- Croatia
- Czech Republic
- Denmark
- Finland
- France
- Germany
- Ireland
- Italy
- Japan
- Netherlands
- South Korea
- Spain
- Sweden
- Switzerland
- United Kingdom
- United States of America

To view all of our partner universities, visit murdoch.edu.au/exchangepartners

Childcare

Murdoch offers childcare facilities. The Murdoch University Childcare Centre provides care for the children of students while they're studying and is conveniently located on site at our Perth Campus.

Murdoch Academic Passport (MAP)

Murdoch University offers an online module for International students, called the Murdoch Academic Passport (MAP), which helps new students learn about the requirements of university, such as reading, writing, research, referencing and other important skills.

Specialised Support for Postgraduate Students

For students undertaking a postgraduate degree by coursework, whose first language is not English, Murdoch University offers a specialised unit that allows students to learn how to communicate academically using academic genres, conventions and styles, critical analysis, academic argument and scholarly debate.

UniEdge Transition Program

UniEdge is a transition program designed to help new students settle into life at Murdoch University. Each week there are a variety of free workshops and activities to help you build your academic skills, meet and connect with others in your field of study, and adjust to life as a university student in Australia.

Language and Cultural Exchange (LACE) Program

LACE is an intercultural social group open to everyone in the Murdoch Community. This program provides students with opportunities to meet people from many countries, develop networks and settle into student life.

75+ 
STUDY ABROAD AND EXCHANGE PARTNERS IN OVER 20 COUNTRIES

"When I first started at Murdoch, I was fortunate enough to share a room in the Village with a girl who was on exchange from Boulder. A year after she left Australia, I found myself on my way to the USA for my own exchange experience. I ended up spending a semester at The University of Colorado Boulder, where I was able to stay on-campus with three girls from America. While on exchange, I was lucky enough to travel to 11 different States in America to visit the friends I had made while studying back in Australia. I celebrated Halloween and Thanksgiving like only Americans know how, it really was the experience of a lifetime!"

MARIA RUUD, NORWAY
BACHELOR OF SCIENCE

Pathways into Murdoch

At Murdoch, we know that not everyone follows the same path to pursue their studies at university. As such, Murdoch offers a range of package enrolments to assist students in meeting the University's academic and English entry requirements. Whether you are a recent school leaver, or are looking to pursue postgraduate study, there are a number of admission pathways you can follow, all of which take into account your previous education, training and experience.

Murdoch Institute of Technology

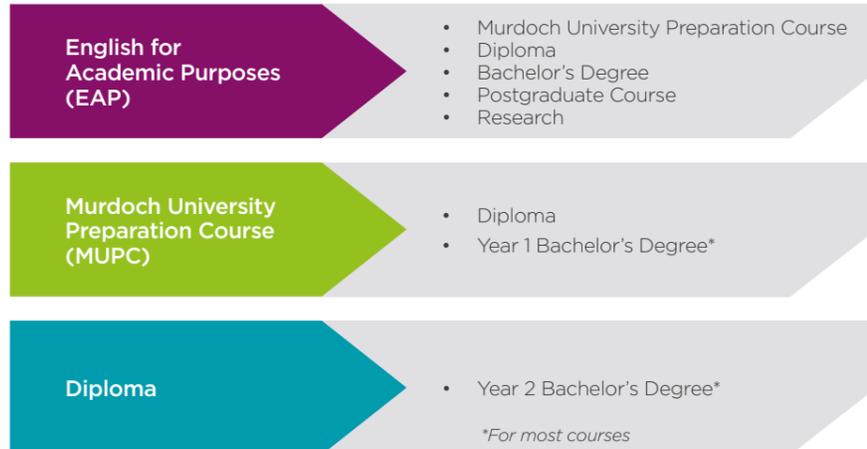

Murdoch Institute of Technology (MIT) is conveniently located at Murdoch University's Perth campus. Facilitating organised interactions with university life, and allowing students to experience all that university has to offer, MIT provides a friendly and supportive environment for all students.

MIT offers the Murdoch University Preparation Course (MUPC), which has been designed in collaboration with Murdoch University's academic staff to ensure the best possible preparation for students' success in a wide range of Murdoch University degrees. The MUPC is accredited by Murdoch University, with successful completion guaranteeing entry into the majority of Murdoch University's undergraduate courses.

Transition from diploma program to Murdoch University

MIT's diploma programs provide students with the necessary skills and knowledge to progress into the second year of their selected degree at Murdoch University. At Murdoch University, the degrees on offer have a streamlined structure, where students can choose from range of majors within Murdoch's undergraduate degree offerings:

- Bachelor of Arts
- Bachelor of Business
- Bachelor of Commerce
- Bachelor of Commerce + Bachelor of Entrepreneurship and Innovation (combined degree)
- Bachelor of Communication
- Bachelor of Creative Media
- Bachelor of Criminology
- Bachelor of Education

- Bachelor of Engineering
- Bachelor of Global Security
- Bachelor of Laws
- Bachelor of Nursing
- Bachelor Science
- Bachelor of Science + Bachelor of Clinical Chiropractic (combined degree)
- Bachelor of Science + Bachelor of Laboratory Medicine (combined degree)
- Bachelor of Sport and Exercise Science

Diploma offerings and structure

MIT offers diploma programs in three areas:

- Diploma of Business
- Diploma of Information and Communication Technology
- Diploma of Communication and Media Studies

Each diploma requires completion of eight units over two or three trimesters, with some of the prescribed units forming the core of specific Murdoch University degrees. All of the units offered as part of MIT's diploma programs have been taken from the current Murdoch University syllabus, providing students with credit and exemption for up to one year of an undergraduate degree at the University. Academic staff at MIT will assist students with unit selection. All diplomas have been designed to provide students with a broad and relevant knowledge base in preparation for a range of undergraduate degrees at Murdoch University.

MIT also caters for students who want to improve their academic English skills for entry into undergraduate and postgraduate studies. The Murdoch Language Centre offers courses that allow direct entry into the MUPC, Diploma Programs and Murdoch University.

Programs offered include:

- General English (elementary to upper intermediate)
- English for Academic Purposes (intermediate and above)

MIT and Murdoch University accept graduates of the English for Academic Purposes program into their academic programs without requiring an IELTS test (unless otherwise advised), provided that the student completes the program at the required level.

Meet your global Alumni community

With over 40 years experience as a pioneering education provider, we have a wealth of creative, thought provoking and revolutionary graduates who form part of our global Alumni community. From leaders in politics, business and research, to Alumni working towards the future of our environment or at the forefront of community development; our graduates are making a real difference to today's rapidly changing world.

Ei Hnin Phyu Htun, Myanmar

Master of Public Policy and Management, Graduated 2015

"Despite having enrolled for coursework, I had the chance to take my internship within the industry and do my thesis as part of my 2 year master's course. This was the perfect example of my school, The Sir Walter Murdoch School of Public Policy and International Affairs, flexibility for highly ambitious students. As I have the responsibility for advising policy and governance issues to multi-lateral development organizations and bi-lateral aid institutions, I found my two years study at Murdoch of great importance and very worthwhile. The experience helped me understand policy formulation and implementation better.

Given that I had a passion to build up my expertise on public policy and managing the matter at hand, my study at Murdoch University prepared me to reach a place where I can contribute to the transformation of my country."

Dr Meng Siak, Singapore

**BVMS MANZCVS (Canine Medicine) FANZCVS (Veterinary Dermatology)
Registered Specialist in Veterinary Dermatology, Graduated 2006**

Dr Meng Siak is a board certified veterinary dermatologist with the Australian and New Zealand College of Veterinary Scientists (ANZCVS). Having extensive experience in the diagnosis and treatment of complicated skin and ear diseases including allergies, immune mediated skin diseases and chronic ear diseases, Dr Siak pursued both his undergraduate and postgraduate studies at Murdoch University.

"When I had decided that I wanted to be a veterinarian, choosing Murdoch University to pursue this dream was an easy decision. Perth is well known for welcoming International students with open arms and Murdoch University offers one of the best veterinary programs for inspiring veterinarians.

After five years of study, I fell in love with Perth and decided to return a few years later to pursue my specialist training in Veterinary Dermatology at Murdoch University. The veterinary program inspired me to further my training and I successfully passed examination in 2014 to become a Veterinary Dermatologist.

In early 2018, with the ambition of providing the best veterinary dermatology clinic in Western Australia, I started a dermatology referral service out of Western Australia Veterinary Emergency and Speciality (WAVES). I am very thankful to be able to work alongside specialists in surgery, internal medicine, radiology and emergency to provide pets with the best care available. Hopefully, within a few years, I will be able to expand the dermatology referral service to Singapore and help the local pets with their skin and ear problems. I am also very keen to share my expertise in veterinary dermatology with my colleagues and veterinary students by providing continued education both in Australia and overseas. In addition, I am the Australasia representative for Global Veterinary Dermatology Education Group (GVDEG), a non-profit organisation that provides free education in underserved countries."

Sandra Crewe, Seychelles

Master of Human Resources Management, Graduated 2015

"What started off as a 2-year Master's degree course turned into a life-changing experience! I was privileged to receive an Australian Awards Scholarship for the 2014/2015 cohort, doing a Master's degree in Human Resource Management, a journey that saw a complete transformation in my life.

As a mature student coming from a senior managerial position, going back to the classroom and studying was somewhat daunting. Fortunately, today, I can affirm it was the best decision. My Murdoch University experience has been a ride through a student-focused academic environment with more than sufficient support and assistance to students from all walks and stages of life. The informal atmosphere created by academic staff makes learning pleasurable with the acquisition of knowledge and skills attainable. There is a good balance between theoretical learning, sharing of personal experiences and group dynamics."

Meet your Academics

Dr Mathew Thompson

Lecturer in the School of Psychology and Exercise Science

As a Psychology student, you will learn from Dr Mathew Thompson, an expert in cognitive processes and how we make decisions as human beings. Dr Thompson is fascinated by human perceptual expertise and has even had his research presented to the former President of the United States, Barack Obama.

"My most treasured intellectual achievement was having the findings of my research presented to the President of the United States in a report by the President's Council of Advisors on Science and Technology. I hope that my research will help to reduce error in safety-critical decision making in areas such as crime-scene forensics and diagnostic medicine."

Before starting at Murdoch, Dr Thompson was a Fulbright Scholar at the University of California, Los Angeles, and a Fellow at The University of Queensland and Harvard Medical School. Having worked with Australia's state and federal police agencies, as well as the Department of Foreign Affairs and Trade, Dr Thompson has a wealth of extensive industry experience and knowledge to offer our Murdoch psychology students.

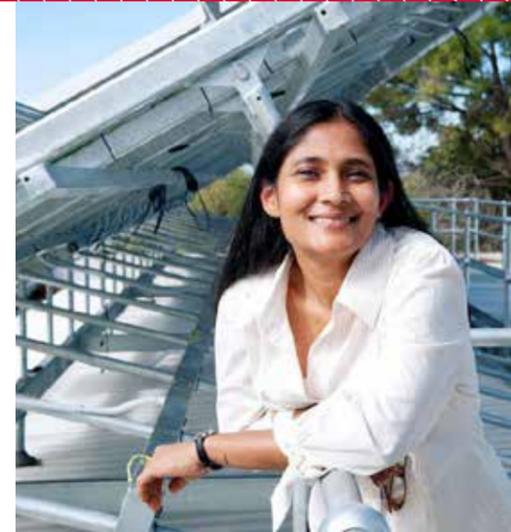

Dr Tania Urmee

Lecturer in School of Engineering and Information Technology

As an engineering student, you will learn under the expert guidance of Dr Tania Urmee. Having developed a holistic approach to rural electrification in developing countries using renewable energy, Dr Urmee is known internationally for her research endeavours. Joining Murdoch in 2009 as a PhD student, Dr Urmee has continued to pursue her passion for renewable energy through educating our next generation of revolutionary engineers.

"As an academic, I want my students to think differently and gain knowledge before they finish their course. With recent changes in the global climate change policy environment, demand for professionals with climate change skills are rapidly increasing."

Feedback from industry shows that there is also significant, unmet, demand from existing professionals for skills and knowledge in the area of climate change and carbon management. Graduates can gain employment in power generation companies, renewable energy manufacturing and installation companies, international aid organisations, government departments, energy efficiency, carbon accounting and environmental consultancies, university and private industry research organisations and local governments."

Dr Simon Minaee

Lecturer in the School of Business and Governance

As a student of the School of Business and Governance, you will learn from Dr Simon Minaee. Having taught in the field of Management and Leadership for over 15 years, Dr Minaee has been a member of staff at Murdoch for the past five years. Throughout his career, Dr Minaee has received a range of teaching awards and research scholarships and is currently a member of the Australia and New Zealand International Business Academy and the Australia and New Zealand Academy of Management.

"My role as an educator is to introduce participants to a subject that will profoundly affect their working lives. It is to develop a broad discussion about what it takes to manage well. My task is to explain why the subject is useful and relevant, to explain why it is such an interesting subject."

What I really love about management is that new ideas can be put into practice by organisations at any time. Of course, that does not always mean that they do and management can throw up some rather daft ideas. But in so many industries, we are seeing changes in the way we work and changes in our attitudes to work."

My advice to students is to demand excellence. That goes for yourself and from your lecturers. University study does not come cheap. It is an investment in your future and to get the most out of it, you should be prepared to put in the work. And if you don't understand something, ask. If you don't get an answer, ask again."

Get ahead in your career with a Murdoch degree

At Murdoch, we know that in order to build a successful career our students must enter the workforce with a refined set of practical skills; having the ability to think both creatively and critically when faced with a range of issues. We are proud to offer our International students the choice of over 250 undergraduate and postgraduate degrees, where students will not only challenge the boundaries of conventional thought but uncover an enriching and career-building education experience.

The Murdoch Career Spine

The Murdoch Career Spine refers to our range innovative, career-building units that are embedded into our new Murdoch undergraduate degrees. Providing you with the practical skills that will form the foundations of your successful career, the Murdoch Career Spine will teach you how to successfully manage your career, work in a digital environment and network like a professional.

As part of the Murdoch Career Spine, you will have access to:

- A series of online units that will equip you with an all-encompassing set of skills to help you realise your career aspirations;
- Hands-on learning experiences to boost your resume and get you career-ready. This could be through completing an internship, volunteering or working on a real project with industry partners;
- An online skills assessment to identify your strengths and areas for development, along with a personalised career development plan to support your professional growth.

Graduating with a personalised career management plan, the knowledge and skills needed to manage your professional identity online, well-honed networking skills to build industry connections and at least 40 hours of hands-on experience to enhance your resume, the Murdoch Career Spine is available to all undergraduate students.

Depending on what degree you study, the Murdoch Career Spine may be a compulsory component of your course and, if it is not, you may be able to elect to complete some of the units as part of your degree.

Undergraduate

With over 140 undergraduate courses on offer, an undergraduate degree from Murdoch will help you to jump-start an exciting career that is best suited to you, your interests and your career goals and aspirations.

Providing our undergraduate students with a one-of-a-kind, flexible degree structure, within each of our bachelor degrees we offer a range of comprehensive majors, which means you will have the opportunity to specialise in an area (or two) of your choice. Offering a unique learning experience, at Murdoch you could have the opportunity to study two majors at once, broadening both your qualifications and career prospects.

For more information on becoming an undergraduate student at Murdoch, visit: murdoch.edu.au/UndergraduateDegrees

140+
UNDERGRADUATE COURSES ON OFFER

STUDY 2 MAJORS OR DEGREES AT ONCE

For more information on our full list of undergraduate, postgraduate and research degree options, visit: murdoch.edu.au/Courses

Postgraduate

Whether you want to kick-start an exciting new career, are after a complete career change, or are looking to forge your way to that promotion, a postgraduate degree from Murdoch will get you to where you want to be.

With a range of graduate certificate, graduate diploma and master degree courses on offer, the benefits of doing your postgraduate studies at Murdoch really do speak for themselves:

Increase your employability

Quality Indicators for Learning and Teaching (QILT) reports that

89.6% OF STUDENTS ARE EMPLOYED

at the end of their postgraduate course, compared to 84.1% of undergraduates.

Gain industry experience

Murdoch courses offer a mixture of theory and practical work focusing on real-world applicability, providing opportunities to undertake industry work placements or complete real-world projects for industry partners in your field.

Increase your earning potential

Quality Indicators for Learning and Teaching (QILT) reports that

POSTGRADUATES EARN \$20,000 MORE

on average than those with an undergraduate degree.

To find out more about becoming a postgraduate student at Murdoch, visit: murdoch.edu.au/ProspectivePostGrads

University terms

Combined degree - Offering a unique learning experience, at Murdoch you could have the opportunity to study two majors at once, broadening your career prospects. However, for those wanting to graduate with even more of an advantage, we offer combined degrees. A combined degree allows you to study a combination of two separate bachelor degrees, where you will graduate with two distinct award qualifications.

Course core - A set of required units and specified electives that form part of the completion requirements in some courses. The course core may make up the entire credit point value of your course or may be designed to support studies across a range of majors.

Major - An extended sequence of units in a specialised area of study that is recognised on your University degree certificate. You can explore all Murdoch majors over the next section of this guide.

Options - Credit points left after you have completed the compulsory parts of your degree and major. Choices might include taking an additional major, a co-major, minors and/or general electives.

Additional major - Where your course includes options you may have enough credit points to take an additional major.

Sometimes called a double or second major, an additional major is another major that you study as part of your degree. Depending on what you choose, undertaking an additional major may increase the time required to complete your course.

Co-major - A sequence of units in a specialised area of study but with less depth than a major. Co-majors are available as an option in some undergraduate courses and are recognised on your University transcript.

Minor - A short sequence of units in a particular area of study that is available as an option in some courses and is recognised on your University transcript.

Unit - The subjects that you study within your course. Each unit has a code and a name. You can study required units, compulsory units that you have to do; specified electives, units on a list that you can choose from; and general electives, any units from across the University that you meet the pre-requisites for.

Murdoch Career Spine - A unique career-enhancing group of units or experiences designed to give you the skills and attributes employers are looking for and the tools to plan for and manage your career.

"What makes Murdoch so appealing to me is that it has a very unique DNA by way of which students can choose how they want to learn. Murdoch's classes are also strategically planned in such a way that students have lectures and tutorials in small groups, so students get more personalised attention from their lecturers and tutors."

WHY STUDY BUSINESS, LAW AND GOVERNANCE AT MURDOCH?

5 STAR RATING FOR STUDENT SUPPORT¹
(BUSINESS MANAGEMENT, MANAGEMENT AND ECONOMICS)

THE ONLY UNIVERSITY IN AUSTRALIA TO OFFER CRIME SCIENCE 

LAW DEGREE ACCREDITED IN AUSTRALIA, MALAYSIA, SINGAPORE AND INDIA 

¹The Good Universities Guide 2018

Murdoch's Business, Law and Governance courses are ideal for those students who dream of turning their thought-provoking ideas into innovative actions.

Re-think convention and create your own rules as you enter the workforce as a decision making professional, paving the way as you champion sustainability agendas, defend social justice movements or uncover new ways of fighting crime. Whether you are studying an undergraduate degree, or advancing an already successful career with postgraduate study, with a Business, Law and Governance degree from Murdoch, you will gain all the skills and knowledge you need to think your way to tomorrow's global solutions.

A Business, Law and Governance degree from Murdoch means you will have the opportunity to:

- Undertake internships through our dedicated Work Integrated Learning program at some of Australia and Western Australia's leading businesses, government departments, law firms and not for profit organisations.
- Participate in our MasterClass program, where you can complete an undergraduate and postgraduate degree at the same time. This program is the only one of its kind in Australia.
- Work on real cases with real clients in our nationally recognised clinical legal education program.
- Take part in our well-established Mooting program to participate in simulated court proceedings, as well as local and international mooting competitions.
- Study units at our partner universities across the globe.
- Intern at multinational corporations and law organisations in Germany, Shanghai, Singapore or Malaysia, or take part in an international human rights program in Geneva, Switzerland.
- Study two majors or degrees at once to graduate with more career opportunities.
- Expand your career potential with over 19 postgraduate degrees across a range of area specialisations and industries.

Murdoch's Creative Arts and Communication courses are ideal for students who want to use the power of creativity and storytelling to challenge the way we think about, look at, and inform the world.

With a Creative Arts or Communication degree from Murdoch, you will refine your knowledge across a range of creative industries to shape your career into a powerful tool that is capable of challenging the status quo and shining a light on some of the world's biggest issues. Creativity is in our nature, but to make the most of a long-lasting and successful career, Murdoch will help you to develop the skills and attitudes you will need to set yourself apart from the competition and really bring your thinking to life.

A Creative Arts or Communication degree from Murdoch means you will have the opportunity to:

- Work with real clients on creative concepts at our student consultancy. Our students have worked with some of Australia and Western Australia's leading not-for-profit organisations, government agencies, fashion and lifestyle big name brands.
- Undertake internships through our dedicated Work Integrated Learning program.
- Learn from industry experts who have worked on a wide range of film and television productions, gaming and animation, radio and news programming, and prominent communications campaigns in Australia and abroad.
- Hone your craft in industry standard facilities, giving you access to a sound stage, television and radio studios, news room, digital post-production facilities and professional video and editing suites.
- Participate in local, national and global competitions to showcase your creative work.
- Study units at our partner universities across the globe.
- Study two majors or degrees at once to graduate with more career opportunities.

Murdoch Teaching courses are ideal for students who want to be innovative educators, empowering change and shaping our future generations to think for themselves.

With a Teaching degree from Murdoch, you will learn how to become a resilient and confident teacher, making an impact on the world around you through guiding and igniting passion in the leaders and decision makers of tomorrow.

Whether you complete one of our undergraduate degrees, or upskill your existing qualifications with postgraduate studies, by graduating with a Teaching degree from Murdoch you will be embarking on a journey that will see your career transform the careers, lives and ambitions of our next generation of curious minds.

A Teaching degree from Murdoch means you will have the opportunity to:

- Study one of Western Australia's most established teaching degrees. We have been helping students become confident, skilled and resilient teachers since 1975.
- Learn using innovative technologies that simulate real-life classroom situations, so you feel ready to tackle your practical placements.
- Experience teaching placements in international schools in Singapore, Thailand or China, as well as volunteer placements in India.
- Take part in our nationally recognised one-year internship program, the longest sustainable internship program in Western Australia.
- Complete practical placements in metropolitan, regional, rural and remote schools.
- Gain coaching qualifications alongside your degree.

Technology

WHY STUDY TECHNOLOGY AT MURDOCH?

TECHNOLOGY IS ONE OF THE **FASTEST GROWING** INDUSTRIES IN AUSTRALIA¹

IT COURSES ACCREDITED BY THE AUSTRALIAN COMPUTER SOCIETY 

 **5 STAR RATING FOR SKILLS DEVELOPMENT** IN COMPUTING AND INFORMATION SYSTEMS

 **5 STAR RATING FOR OVERALL EXPERIENCE³**

 **5 STAR RATING FOR TEACHING QUALITY³**

¹2017 Occupational Projections, Department of Employment. ²TISC Application Data 2016. ³The Good Universities Guide 2018

Murdoch Technology courses are ideal for those students who want to use innovation to forge new ways of thinking, working and living; students who want to power creative solutions and contribute to the economic and social well-being of our society.

When you study a Technology degree at Murdoch, you will not only learn to push the boundaries of technology so that our society can work faster, smarter and more efficiently, but you will also learn to push the boundaries of your own career so that your innovative way of thinking powers change.

 **INTERNSHIPS & INDUSTRY PLACEMENTS**

TAKE ON REAL-WORLD CLIENTS WITH PROJECT BASED UNITS

With a Technology degree from Murdoch, you will have the opportunity to:

- Study courses that have been developed in conjunction with an industry advisory panel, with representatives from some of Western Australia's biggest companies, banks, government departments and internet service providers.
- Take project-based units, where you will work in a team and consult with real clients to recommend, develop and implement new technologies that solve business problems.
- Undertake internships through our dedicated Work Integrated Learning program.
- Choose your major at the end of your first year of your undergraduate degree, so you can explore all the fields of IT before you specialise.
- Participate in national competitions like the Hackathon or Cyber Security Challenge Australia.
- Learn in Murdoch's brand new networking, security and augmented reality IT lab.
- Take units that will prepare you for industry certification exams.
- Study units at our partner universities across the globe.
- Study two majors or degrees at the same time to graduate with more career opportunities.

Sir Walter Murdoch School of Public Policy and International Affairs

Undergraduate Course Information

"I like studying at Murdoch for several reasons, the first being that Murdoch encourages you to think outside the box, which generates innovation and improves critical thinking between students. Secondly, Murdoch has strong industry links, where industry professionals come to Murdoch as guest-lecturers and educate us on the real-life applications of our degrees. Lastly, one of the things I really like about studying at Murdoch, is the support the University offers. Staff and lecturers are easily approachable and are always happy to help, where the students tend to take care of each other and the staff really do look after the students."

FOR POLITICS AND INTERNATIONAL AFFAIRS¹

CAPSTONE EXPERIENCE

INDUSTRY LINKS

TOP 10 IN AUSTRALIA FOR POLITICS AND INTERNATIONAL STUDIES²

¹QS 2016
²Times Higher Education Rankings 2018

The Sir Walter Murdoch School of Public Policy and International Affairs provides the perfect platform for postgraduate students looking to set their career on an exciting new path.

The place where collaborative and forward-thinking individuals come to learn, explore new ideas and advance their career opportunities, the Sir Walter Murdoch School of Public Policy and International Affairs offers students a unique opportunity to engage with big policy issues, develop high-level skills and build career opportunities through professional Master degrees and other graduate programs.

Under the Sir Walter Murdoch School of Public Policy and International Affairs, you will have the opportunity to:

- Complete your degree with a capstone experience. With the opportunity to choose from a supervised thesis, research internship or real-world policy case study, you will be prepared for professional life with this hands on learning experience.
- Study in smaller class sizes to get the most from your academics.
- Learn from industry professionals in a seminar-teaching style environment.
- Study with the flexibility to choose units according to your other commitments, with the option of undertaking units in the evening, on weekends or in intensive blocks.
- Create industry links and career connections with Murdoch's leading government, industry and community partners.
- Travel and study in Indonesia as part of a life-changing exchange opportunity.
- Experience major global meetings of the United Nations and other international organisations via our Global Voices scholarship.

"I like that Murdoch focuses on equipping students with the underlying processes of public policy making. My degree draws from various fields of study, given the nature of public policy making, and I have enjoyed looking at public policy and management from various angles that underline the visible policy outputs of politicians. The public lectures organised by my school have also been very insightful."

**MWAPE MULUMBI, ZAMBIA
MASTER OF PUBLIC POLICY AND MANAGEMENT**

Minimum Undergraduate Entry Requirements

This table lists the minimum entry requirements for courses at Murdoch University. Please be aware that some courses have a higher admission requirement, in which case you can refer to the individual course entry requirements in the provided course list of this Guide from pages 40 to 59. If your country and/or qualification is not listed below, you can search for the minimum entry requirements for your specific country at murdoch.edu.au/AvailableCourses

COUNTRY	QUALIFICATION	MINIMUM ENTRY REQUIREMENT
Global	Western Australian Universities Foundation Program (WAUFP)	CPS of 54 or higher
	GCE A-Level	Minimum of 6 points taken from the best 2 or 3 subjects where A=5, B=4, C=3, D=2, E=1 (AS Levels are equivalent to half points e.g. A=2.5, B=2 etc.)
	International Baccalaureate (IB) Diploma	Total score of 24 or higher
Australia	Western Australia Certificate of Education (WACE)	Selection Rank of 70 or higher
Bangladesh	Higher School Certificate (HSC) / Vocational Higher School Certificate	Successful completion with a minimum Grade Point Average of 4.0 or higher
Belgium	Diploma Secundair Onderwijs (Flemish system)	Grade average of 13 in the final year results or higher
	Abschlusszeugnis der Oberstufe des Sekundarunterrichts (German system) OR Certificat d'Enseignement Secondaire Supérieur	Grade average of 13 in the final year results or higher
Brunei	Forecast Results - GCE A Levels or International Baccalaureate (IB)	Official Forecast Results with a predicted score of at least 2 points above the published minimum requirements of A Levels or International Baccalaureate (applicable to mid-year intakes only)
Bhutan	Bhutan Higher Secondary Education Certificate	Average of 60% for best 4 academic subjects (excluding local language) or higher
Canada	High School Diploma	Average of 65 or higher
	Ontario Secondary School Diploma (OSSD)	Minimum of 30 credits and an average of 65% in an overall of 6 Level 12 subjects, including English or higher
China	National College Entrance Exam (Gao Kao)	Successful completion with a minimum score equating to 63% of the maximum overall mark (e.g. 472.5/750 or 378/600)
Fiji	Fiji Year 13 Certificate Examination (previously Fiji Seventh Form Examination)	Average grade of 60 in the best 4 subjects or higher
Finland	Ylioppilastutkintodistus (Matriculation Certificate)	Grade average of 4.5 in final year results or higher
Gambia	Gambia GCE or Oxford A Levels	Minimum of 6 points taken from the best 2 or 3 subjects where A=5, B=4, C=3, D=2, E=1 (AS Levels are equivalent to half points e.g. A=2.5, B=2 etc.) or higher
Germany	Abitur	Grade average of 3.5 or better
Hong Kong	Hong Kong Diploma of Secondary Education (HKDSE)	Combined level score of 15 points from best 6 subjects (4 Core and 2 Electives from Category A or C); with Category A subjects - 5**=6, 5*=5.5, 5=5, 4=4, 3=3, 2=0, 1=0 or Category C subjects - A*=6, A=5, B=4, C=3, D=2, E=1
	Forecast Results - GCE A Levels or International Baccalaureate (IB)	Official Forecast Results with a predicted score of at least 2 points above the published minimum requirements of A Levels or International Baccalaureate (applicable to mid-year intakes only)
Ireland, Republic of	Irish Leaving Certificate (Established) (Scrúdú Cruthaithe na hArdteistiméireachta)	Aggregate of 20 in best five higher level subjects in the final year or higher
India	All India Senior School Certificate or Comparable Qualification (awarded by CBSE/CISCE/NIOS) and State Boards	Average of 60% for best 4 academic subjects or higher (CBSE/CISCE/NIOS) Average of 65% for best 4 academic subjects or higher (All other State Boards)
Indonesia	Sekolah Menengah Atas (SMA) 3	Successful completion with a minimum average score of 75% in academic subjects in the final SMA school exam, with the Surat Keterangan Hasil Ujian Nasional (SKHUN) as proof of graduation.
	Forecast Results - GCE A Levels or International Baccalaureate (IB)	Official Forecast Results with a predicted score of at least 2 points above the published minimum requirements of A Levels or International Baccalaureate (applicable to mid-year intakes only)
Italy	Esame di Stato (Upper Secondary School Leaving Certificate).	Grade average of 67 or higher
Jamaica	CAPE (Certificate of Advanced Proficiency Examination)	Grade average of V or lower
Japan	Kotogakko Sotsugyo Shosho (Upper Secondary School Certificate of Graduation)	Grade average of 3.5 (out of 5) in final year results or higher, based on academic subjects
Kenya	Kenya Certificate of Secondary Education	Average grade of B
Korea, Republic of	Senior High School Certificate (Immungye Kodung Hakkyo Chorupjang)	Average grade A in the final results

COUNTRY	QUALIFICATION	MINIMUM ENTRY REQUIREMENT
Kiribati	South Pacific Form Seven Certificate	Minimum of 6 points taken from the best 2 or 3 subjects or higher
Macau, SAR	Ensino Secundário Complementar	Minimum of 6 points taken from the best 2 or 3 subjects or higher
Malawi	Cambridge Overseas Higher School Certificate (COHSC)	Minimum of 6 points taken from the best 2 or 3 subjects or higher
Malaysia	STPM	Minimum of 6 points taken from the best 2 or 3 subjects or higher
	Unified Chinese Examination (UEC)	Aggregate of 20 or lower from best 5 academic subjects (excluding Art, Chinese & Malay)
Maldives	UCLES A level / Higher Secondary School Certificate (HSC)	Minimum of 6 points taken from the best 2 or 3 subjects or higher
Mauritius	UCLES A level / Higher Secondary School Certificate (HSC)	Minimum of 6 points taken from the best 2 or 3 subjects or higher
Namibia	Namibia Senior Secondary Certificate (Higher Level)	Total score of 6 higher level subjects taken in one examination sitting or higher
Nepal	Higher Secondary Education Examination Certificate (HSEB Certificate)	Minimum grade of B (60-69%)
Netherlands	VWO	Grade average of 6.0 or higher
New Zealand	National Certificate of Educational Achievement Level 3	Equivalent of eligibility to enter a New Zealand University
Norway	Vitnemal	Grade Point Average of 3.0 or higher
Pakistan	Higher Secondary School Certificate	Average of 65% for best 4 academic subjects or higher
Portugal	Fim Certificado ou Diploma Escola Secundária 12 ano de escolaridade	Grade average of 14 in the final year results or higher
Rwanda	Secondary Education Advanced Level Examination Certificate	Minimum of 6 points taken from the best 2 or 3 subjects or higher
Scotland	Scottish Qualifications Certificate Advanced Higher	Minimum of 6 points taken from the best 2 or 3 subjects or higher
Singapore	Singapore-Cambridge General Certificate of Education (Advanced Level)	Minimum of 6 points taken from the best 2 or 3 subjects where A=5, B=4, C=3, D=2, E=1 (H1 Levels are equivalent to half points e.g. A=2.5, B=2 etc.) or higher
	Forecast Results - GCE A Levels or International Baccalaureate (IB)	Official Forecast Results with a predicted score of at least 2 points above the published minimum requirements of A Levels or International Baccalaureate (applicable to mid-year intakes only)
South Africa	National Senior Certificate (NSC)	Minimum average grade of 5.0 in the best 6 subjects in final year (excluding Life orientation) or higher
Sri Lanka	Sri Lankan General Certificate of Education Advanced Level	Minimum of 6 points taken from the best 2 or 3 subjects where A=5, B=4, C=3, S=1
Swaziland	Cambridge Overseas Higher School Certificate (COHSC)	Minimum of 6 points taken from the best 2 or 3 subjects or higher
Sweden	Upper Secondary School Leaving Certificate (Slutbetyg)	Grade Point Average of 13.0 or higher
Switzerland	Cantonal Maturity Certificate (prior to 2007) (6 point scale)	Average pass mark of 4.0 in the final year results or higher
	Federal Maturity Certificate (from 2007)	Average pass mark of 4.0 (on a 6 point scale) or 6.6 (on a 10 point scale) or 3.4 (on a 5 point scale) in the final year results or higher
Taiwan	Senior High School Diploma/Senior Vocational Diploma	80% from Senior High School or Junior College Diploma credit grades or higher
Thailand	Certificate of Secondary Education (Mathayom 6)	Successful completion of Matayom 6 with GPA of 3.0 or better
Vietnam	Giay Chung Nhan Tot Nghiep THPT (Upper Secondary School Graduation Certificate)	Successful completion with a minimum graduation score of 7.0 from the national exam, with the Giay Chung Nhan Tot Nghiep THPT as proof of graduation
Uganda	Uganda Advanced Certificate of Education (UACE)	Minimum of 6 points taken from the best 2 or 3 subjects or higher
United States of America	Advanced Placement (AP)	Completion of a minimum of 2 AP subjects with 7 points or higher and final Grade 12 High School Diploma.
	High School Diploma plus SAT	High School Diploma (HSD) with a GPA of 2.5 or higher and a minimum of 500 in each band in the SAT scores out of a total score of 2400
Zimbabwe	ZIMSEC 'A' Levels	Minimum of 6 points taken from the best 2 or 3 subjects or higher

Postgraduate Course Information

"I really enjoy studying my postgraduate degree at Murdoch because of the flexibility I have in choosing elective units that really help with further developing my professional growth and development. Being able to have in-depth, group discussions in our lectures and tutorials means that I get to experience a variety of views and opinions. I also gained invaluable experience through the two-week intensive internship I undertook at Western Australia's Parliament House, under the Parliamentary Democracy unit."

**BENSON HAHAMBU, PAPUA NEW GUINEA
MASTER OF DEVELOPMENT STUDIES**

Postgraduate Entry Requirements

Standard Postgraduate Entry Requirements

For admission into one of our postgraduate degrees, you must provide evidence of the successful completion of a relevant degree from a recognised university, in addition to meeting Murdoch's prescribed English Language requirements.

At a minimum, to qualify for one of our postgraduate degrees, you must meet one of the following requirements. Please note that entry requirements are dependent on the course you wish to study and as such, your specific course may have different entry requirements:

- A qualification equivalent to an AQF Associate Degree
- Bachelor's degree of AQF Level 7 in relevant discipline
- Bachelor's degree of AQF Level 7 with relevant work experience
- Bachelor's degree of AQF Level 7 with specific professional registration
- Postgraduate qualification of AQF Level 8 or above
- Submission of a Portfolio and/or substantial work experience

To find out specific entry requirements for your preferred postgraduate degree, or to learn more about postgraduate study at Murdoch, visit: murdoch.edu.au/study/postgraduate-students

Minimum English Language Entry Requirements

ENGLISH LANGUAGE TEST	SCORE
Academic International English Language Testing System (IELTS)	Overall 6.0 with no band below 6.0
Cambridge Advanced English (CAE)	169 overall with no band below 169
Pearson Test of English (PTE)	50 with no band below 50
Test of English as a Foreign Language – IBT (TOEFL IBT)	73 with no band less than 18
Occupational English Test (OET)	OET with minimum of C in four components

Courses with a Higher English Language Requirement

COURSE	ENGLISH LANGUAGE TEST		
	Academic International English Language Testing System (IELTS)	Pearson Test of English (PTE)	Test of English as a Foreign Language – IBT (TOEFL IBT)
Graduate Diploma in Migration Law and Practice	IELTS overall score of 7.0 with no band less than 6.5	Does not meet direct entry	100 with no band less than 22
Master of Education (Coursework)	IELTS overall score of 6.5 with no band less than 6.0	58 with no band below 58	90 with no band less than 20
Master of Food Security	IELTS overall score of 6.5 with no band less than 6.0	61 with no band below 54	79 with no band less than 18
Master of Protected Area Management	IELTS overall score of 6.5 with no band less than 6.0	61 with no band below 54	79 with no band less than 18
Master of Teaching (Primary)	IELTS overall score of 7.5 with no band less than 7.0 in reading and writing and 8.0 in speaking and listening	76 with no band below 76	102 with no band less than 24 in reading and writing and 29 in speaking and listening
Master of Veterinary Clinical Studies	IELTS overall score of 7.0 with no band less than 6.5	68 with no band below 61	94 with no band less than 20
Master of Veterinary Studies in Conservation Medicine	IELTS overall score of 6.5 with no band less than 6.0	61 with no band below 54	79 with no band less than 18
Master of Wildlife Health and Conservation	IELTS overall score of 6.5 with no band less than 6.0	61 with no band below 54	79 with no band less than 18
Postgraduate Psychology and Counselling course	IELTS overall score of 7.0 with no band less than 7.0	68 with no band below 68	94 with no band less than 24

Research Degrees

For some, curious minds cannot be contained; they set out to discover the undiscoverable, to question the unquestionable, and to solve the unsolvable. At Murdoch, we not only encourage these pioneering minds to explore the big questions, but to find the even bigger solutions.

That is why we offer an extensive range of Graduate Research programs, so that these curious minds have the skills, knowledge and power they need to ignite change.

Murdoch has always been a research-led University. Since our inception in 1973, we have encouraged both our academics and students to challenge what is considered normal and to continue to grow as they explore a range of new, exciting, and never before examined concepts and ideas.

If you think you have what it takes to join the ranks of some of the world's most progressive and thought-provoking minds, then Murdoch is the place for you.

Informing future leaders, nurturing innovative thinkers and inspiring problem-solvers who are capable of tackling the most pressing regional and global issues, studying a Research degree at Murdoch means you will:

- Challenge yourself**
 Explore a new area of knowledge and challenge completely different research methods, or extend research already undertaken.
- Work with world leading researchers**
 You will learn and apply advanced research methodologies to produce new knowledge and provide solutions to challenges within your discipline area, under supervision of world-class academics and researchers.
- Make a difference**
 Follow that burning desire you hold to make a difference in a specific field, where your findings may be published or presented and have a positive impact on the world.
- Increase your career opportunities**
 Your research project will allow you to develop a new specialisation in your academic field so you can pursue new career prospects.
- Solve real-world problems**
 Discover new methods, understandings and techniques to make a difference to society.
- Become an expert**
 Completing a research degree means becoming an expert in your field. It is your opportunity to take a topic that interests you, explore it in depth, tackle intellectual, creative and practical challenges, and communicate your findings.

Applying for your Research degree

As research-based degrees, our Graduate Research programs are suitable for students who have previously completed a degree with a significantly high research component.

To apply for one of our Graduate Research degrees, you need to provide evidence of your previous academic or professional accomplishments and supply a copy of your research proposal.

Applicants must submit an Expression of Interest (EOI) form in order to apply for one of our Graduate Research programs. If your Expression of Interest is successful, you will be invited to submit a formal application.

To apply, send your Expression of Interest form to graduateresearchdegrees@murdoch.edu.au or post it to:

The Manager, Graduate Research
 Murdoch University
 Environmental Science Building Rm 2.058, South Street, Murdoch
 Western Australia 6150

How to Apply

Applying to study at Murdoch is as easy as 1, 2, 3!

1 Your Application

Are you a citizen of and residing in Bhutan, India, Iran, Iraq, Lebanon, Nepal, Nigeria, Pakistan, Rwanda, Turkey, Vietnam or Zimbabwe¹?

Yes

To study an undergraduate, honours or postgraduate degree at Murdoch University, you must apply via one of Murdoch's Registered International Agents. Additionally, you must also complete and attach a Genuine Student Evaluation Form, which your agent can help you to complete.

To find your local agent and start your application process, visit: murdoch.edu.au/Apply-via-an-agent/

No

To study an undergraduate, honours or postgraduate degree at Murdoch, you can either apply directly to Murdoch online or via one of Murdoch's registered International Agents.

Prospective students that are citizens of and are residing in Bangladesh, China, Ghana, Kenya or Sri Lanka, must also complete and attach a Genuine Student Evaluation Form¹.

Direct applications can be lodged at: myadmission.murdoch.edu.au

or

To find a local agent near you visit: murdoch.edu.au/Apply-via-an-agent/

2 Your Offer

If your application to study at Murdoch has been successful you will receive an Offer of Admission, which will provide you with all the information you need to know about course start dates, relevant course fees and important payment dates and deadlines. In the unfortunate event that your application is unsuccessful, you will be notified via email and, where possible, you will be offered an alternative or packaged offer.

To accept your place at Murdoch, return your signed Acceptance Contract in addition to your compulsory fees, which will be outlined in your Offer of Admission. The fee amounts that will be payable upon accepting your Murdoch offer will include 50% of your annual tuition fees, your Student Services and Amenities Fee (SSAF) and any fees associated with your Overseas Student Health Cover (OSHC).

Once Murdoch has received your signed Acceptance contract and all payable fees, we will issue you with an Electronic Confirmation of Enrolment (eCOE), where you can then begin your visa application process through the Department of Home Affairs.

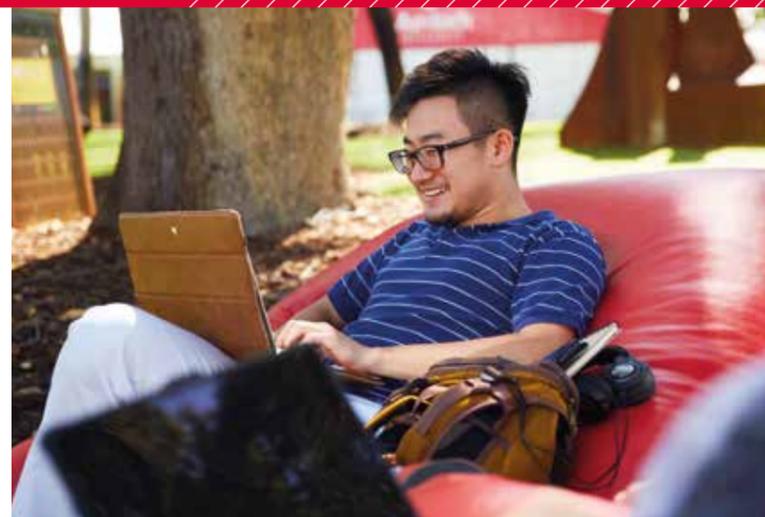

3 Your Enrolment

Congratulations, you are nearly ready to kick-start your exciting new adventure at Murdoch! Before you begin your studies, you will need to go online to prepare your timetable, enrol in your units and sign-up for classes.

Signing up for classes and enrolling in units for the very first time can be a big job! To make things easier, you can start your enrolment process once you land in Perth with the help of our Murdoch professionals. We will have our experts on-hand during Orientation week to take you through a guided enrolment process, meaning you will be ready for the start of semester in no time at all!

Alternatively, to start your enrolment process today, head to murdoch.edu.au/MyInfo

What about my visa?

After you have accepted your offer to study at Murdoch, it is time to apply for a student visa. If you applied to study at Murdoch through one of our reputable Agents, they will be able to assist you with this next stage of your application process.

For all other students, you can find all relevant visa rules, regulations and application processes on the Australian Government's Immigration website: homeaffairs.gov.au

Need a helping hand?

For some, applying to university can be a daunting task. That is why over the years, Murdoch has worked hard to build a trustworthy and reliable network of International Agents whose sole purpose is to help you get to where you want to be, Murdoch!

All prospective students who choose to apply to Murdoch through a Murdoch registered agent have the added benefit of in-country support and counselling, where our qualified representatives have sound knowledge in the Australian education system, Murdoch University and the courses we have on offer.

Our global network of international agents can help you throughout your application process with:

- Course counselling and university recommendations
- Assistance with your Murdoch University application
- University correspondence
- Document organisation and collation
- Help with visa applications, questions and processes

To find an in-country agent near you, visit: murdoch.edu.au/Apply-via-an-agent/

*Not all agents who claim to represent Murdoch are endorsed by Murdoch University. To check, please refer to our online Agent database at murdoch.edu.au/Apply-via-an-agent. Additionally, some Agents may charge additional fees for their services. Please ensure you establish all costs, including out of pocket expenses, prior to initiating any services via your preferred agent.

¹Please be advised that the above mentioned countries are subject to change without notice. To stay up-to-date with your application process and how to apply, please visit: murdoch.edu.au/study/apply-to-murdoch

1. Do I need a visa to study in Australia?

Yes, you do require a visa to study in Australia. However, the visa type you require will depend on the course you plan on studying and duration of time you wish to spend in Australia.

For more information about what visa options may be applicable to you, please visit: studyinaustralia.gov.au/english/apply-to-study/visas

2. Will I need to get health insurance while I'm studying in Australia?

As an International student studying in Australia, it is compulsory that you take out Overseas Student Health Cover (OSHC). The Department of Immigration and Border Protection (DIBP) requires you to organise OSHC through a registered health provider that has been approved by the Australian Government. OSHC is important for you, as an International student, as it provides cover for you should you ever need medical treatment (doctor appointments, ambulance cover, hospital visits, etc.), potentially saving you thousands of dollars in medical bills.

The following students are not required to take out OSHC:

- A Norwegian student covered by the Norwegian National Insurance Scheme
- A Swedish student covered by Kammarkollegiet
- A Belgian student covered under the Reciprocal Health Care Agreement with Australia

For more information on OSHC, please visit: border.gov.au/Trav/Stud/More/Health-Insurance-for-Students or health.gov.au/internet/main/publishing.nsf/Content/Overseas+Student+Health+Cover+FAQ-1

3. I want to travel through Australia for a while before I start my study, will it matter if I miss a few weeks of class?

Yes, it will matter if you miss a few weeks of class. As an International student you are expected to maintain satisfactory attendance and progression throughout your chosen course, as stipulated by the conditions of your student visa. Assignments, examinations and essential information are provided to you within the first few weeks of class and missing any of this time could greatly affect your overall course progression.

For more information, please visit: askmurdoch.custhelp.com/app/askmurdoch/answers/detail/a_id/695/

4. How do I know what prerequisite subjects I need to take at high school in order to get into my desired Murdoch degree?

Murdoch University recommends you select secondary school classes that you will enjoy and do well in. While our courses have no prerequisite subjects for high school leavers, a high level of English competency is required for entry into Murdoch. If you are unsure about what classes to take in high school, Murdoch offers recommended subjects that are dependent on what tertiary course and career path you wish to follow.

For more information on recommended subjects and English competency requirements, please refer to: murdoch.edu.au/study/courses/course-finder

5. My IELTS scores aren't high enough but I really want to study at Murdoch, what can I do?

If you don't initially meet the English Language Requirements for direct admission to Murdoch University, you may consider applying for entry through one of Murdoch's alternative entry pathways. These pathways consist of courses offered through the Murdoch Institute of Technology and other similar off-campus partner providers, where you may undertake a variety of courses with a focus on English and STAT preparation and testing.

For more information on your options, please see: murdoch.edu.au/EnglishRequirements

It should be noted that each Murdoch University course requires different English competency levels that must be met. To see what your desired course requires, please see the entry requirements:

murdoch.edu.au/study/international-students/entry-requirements

6. I will be under 18 years of age when I start studying at Murdoch, how will this affect me?

Being under 18 when you start your studies at Murdoch should not affect your study life in any way. However, there are a few extra precautions you have to take to make sure you are following the conditions of your student visa. You must stay in accommodation accompanied by either a parent or legal custodian, a close relative or a non-relative that has been approved by the university. Additionally, consuming alcohol under the age of 18 is illegal in Australia and you may be denied entry to some venues where alcohol is served.

For more information on starting study in Perth while under the age of 18, please visit: murdoch.edu.au/study/international-students/life-in-perth/accommodation/students-under-18-years-of-age or border.gov.au/Busi/Educ/Educ/Welfare-requirements-for-student-visa-applicants-under-18

7. When do my fees have to be paid?

As an International student you will need to pay part of your course fees when you first accept your offer. Following that, tuition fees need to be paid in full prior to the commencement of each semester for the units you are enrolled in for that semester. As a rule, fees are due the Friday before the start of each teaching period.

For more information, please see: murdoch.edu.au/study/fees-scholarships/course-fees/paying-your-fees

8. How much will it cost to study at Murdoch University?

At Murdoch University you pay for the individual units you enrol in each semester, rather than an overall pre-determined set course fee. This means we can only provide you with indicative course fees, which vary for each degree. For more information about course fees, please see:

murdoch.edu.au/study/fees-scholarships/course-fees

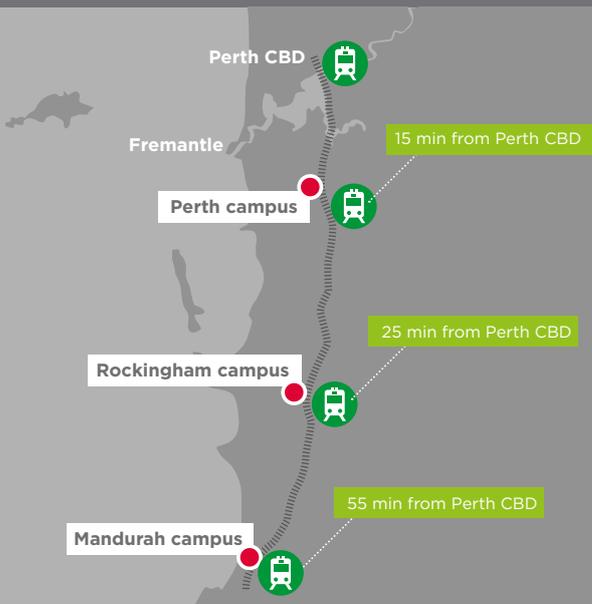

Alternatively, you can determine your course fees using our Tuition Fee Calculator: handbook.murdoch.edu.au/fees/
